RE: WaveCrest Masonry

To Whom It May Concern:

Please let this letter serve as a recommendation for WaveCrest Masonry. We have worked with WaveCrest Masonry on a number of commercial projects over the last 5 years. The largest being an assisted living facility called "Villages Rehabilitation Center" in the Town of Lady Lake. On this project WaveCrest masonry provided an 83,500 sqft building slab on grade with masonry walls and precast hollow core slabs, there was also 23,000 sqft of sidewalks, courtyards and covered entries.

We highly recommend WaveCrest Masonry and we will continue working with them on our future projects.

Sincerely,

**Cullison-Wright Construction Corp.**
